Hearing Next Week In Mitchell On Phone Rates

An informal hearing on Quadrant City area telephone rate charges is scheduled for 2 p.m. Monday, May 17, in the basement at the Mitchell Presbyterian Church. The hearing, which will be held by the Illinois Commerce Commission.

The meeting was arranged for when the delegation of Southwest Bell Telephone Co. rural subscribers went to Springfield in the morning armed with petitions signed by 450 to 700 persons calling attention to differences of telephone rates and conditions in the rural areas at Mitchell.

Mrs. Robert Polley of Thompson drive spearheaded the movement, which she said has been a problem for the last several years because of variances in the charges.

The telephone company had agreed to the ICC a day earlier to arrange for a 30-day period of study to redevelop its base rate and mileage charge maps. Mrs. Polley was informed by ICC that the telephone company had already had several years to do the work she was told.

Next week's hearing will be restricted to seven or eight spokesmen for the petitioners and officials of the telephone company and the commission.

It is estimated by ICC there are about 3000 telephone subscribers paying the mileage rate, and it is the goal of the petitioners for Granite City's base rate to be extended to include Mitchell and areas near Mitchell. The added charge for a private line outside the base rate area is 50 cents for each quarter-mile distance.

The petitions were delivered to the ICC by Mrs. Polley, Rev. John Digiuseppe and Cecil Sampson.

ICC Again Postpones Underpass Decision

The Illinois Commerce Commission has postponed until June 9 a hearing in which division of cost for construction of the proposed Broadway underpass by the city of Venice is to be fixed by the state commission.

Final hearing on the matter was expected to be held in Springfield Thursday afternoon, but it was delayed again when four railroads, which are to share part of the cost, said they had been unable to reach agreement.

Dr. John B. Lee, mayor, and the present plan call for the roads to loan the city \$120,000, and in addition, pay \$180,000 of the cost. The railroads were to agree upon how they were to share the expenditure. If the railroads agree to the \$300,000 loan, the city will need to raise \$300,000 of its own funds.

The project is to be constructed in connection with extension of the river road, Federal Aid Route 151, through Venice.

Eighth Graders Set New Discus Marks For Track Squads at Prather, Central

New discus records by eighth graders highlighted junior high school track meets held here late last week.

On Friday, Prather's Roger Beebe got off a toss of 131 feet two inches to break the old school mark by 11 feet. On Thursday, Central's Ron Smith hit 141-3 to break his own school mark of 140 feet. The discus is smaller than that used in high school competition.

Meets both days were triangular. On Friday, Cahokia won the eighth grade division with 65 points, followed by Prather 44-2 and Coolidge 32-4. Prather's Gary Petrillo finished second in the 100-yard dash but set a new school record of 11.1 seconds. He won the 50-yard dash.

Other winners for the Chiefs were Dennis McGee in 880 and Larry Pirtle in 440. Only firsts for the Coolidge Braves were won by Dave Mullens, who took both hurdles events.

Prather won the seventh grade division, scoring 60-2 to Coolidge's 53-4 and Cahokia's 17. Ron Ward of the Chiefs set a new school seventh grade record of 15-10, in broad jump and Tom Pea's 26-5 in shot put also established a new mark.

Ward also won the 220, Stanley Corey was first in discus and the 400, and Don Kohnert won the 880. Relay victories were by the 880 team of Rich Odum, Fee, Lowell in pole vault.

Bridges Vaults To State Meet

Pole vaulter Dwain Bridges was the only Granite Cityan to qualify for the Illinois state meet at Champaign.

Bridges went 12 feet, eight inches, two inches over the qualifying height — as he finished fourth in Friday's district at Alton. Ward River's Kevin Gumsley set a district meet record, winning the event at 13-3/4.

Line of the Warriors was fifth in shot put but his toss of 50 feet, six inches was short of qualifying distance by 25 feet.

The mile relay team of John and Jim Packer, Dan Lawell, Russ Gray, Terry Cross and Ralph Rojas, Coolidge winners were. They posted in high jump and low hurdles over five, Mike Allen in low hurdles over 40, Dan North in the 20 and Ricks Tuley in the 100.

Thursday's eighth grade victor was Alton Central with 77 points to Granite City Central's 41-2 and Coolidge's 29-4. In addition to Smith, GC Central had the winning mile relay team of Bill Rutledge, Mike Christopher, Dave Spilley and Charles Campbell.

Chris Hamilton won the shot put and Jim Jones took the 440 for Coolidge.

Coolidge won easily in the seventh grade division with 70 points to 41-6 by GC Central and 35-6 by Alton Central. Braves' winners were Dave McKinney, shot put and broad jump; Allen, low hurdle; Tuley, 50 and 100; Penrod, high jump; Gary Johnson, 440; North, 880 relay, and McKinney, 100-yard dash.

Two Central boys set new seventh grade school records as Tim Leonard won the low hurdles over five in 16.2 and Tom Hasty hurdled the discs 112 feet. Other winners for the Indians were Dan Seitzer in the 880 and Bob Lewis in pole vault.

A successful safety squeeze play Friday clinched at least a share of the Southern Conference baseball title for the Granite City Warriors.

The daring play gave the Warriors a 2-1 victory over the Collinsville Kahoks at Wilson Park. A run conference record of eight wins, four losses.

As of now, the Warriors lead the league with Belleville and Alton second with 7-4 marks. Collinsville fourth at 7-5. Next comes Wood River, 6-6; Cahokia 3-9 and Edwardsville 2-9.

Final standings hinge on the outcome of previously tied games between Belleville and Wood River, and Alton and Edwardsville. Should Wood River and Edwardsville triumph in those games, the undisputed title would go to Granite City.

The crucial game went to the wire as the Warriors' Bruce Thompson and the Kahoks' Harry Parker battled in a pitchers' duel.

The Warriors scored in the fourth on Jack Darlington's single and Bill Granger's double. Then the Warriors tied it in the fifth when Larry Dillard singled, stole second and scored on Gary Patton's hit.

After reliever Doug Winfield retired Collinsville in the seventh, Dillard started the Granite City half with a triple. Winfield fanned, but Charlie Collins brought in Dillard with a well-executed squeeze bunt down the first-base line.

With their first taste of the conference championship in several years behind them, the Warriors turned their attention to the post-season Illinois High School Association tournaments.

The Madison district is slated to open this afternoon with Madison playing East St. Louis. Assumption. Early this morning MHS coach Earl McClanahan said the field was playable and the game would proceed, barring additional rain. Thursday's Highland-Madison game has been postponed due to wet grounds.

Granite City faces Collinsville at 4 p.m. tomorrow with the title game scheduled for Wednesday. The winner advances to next week's regional tournament.

At Split Twin Bill leave GCHS with an 18-10-1 overall record. Madison entered the district with a 3-7 mark. Coach Joe Pedra said the last time Granite City won a conference title outright was in 1955 and that the 1854 squad lost for the title.

DOWNSTATE FISHERMAN'S GUIDE
PETE BROWN

Evidence indicates that Crab Orchard Lake has been headed for spawning areas, this curtailing what had been a sporty season for the lake's better known fishermen.

At Peithorn of Carbonate, fishing hand was among a band of clabbers and crabs. The fishermen regularly until the first week of May. We will still rate bass fishing fair to good at Crab Orchard, with the lake in unusually fine condition for it. Now, crappie, also, are bedding up in the weeds but bluegill fishing has picked up.

Noteworthy at Little Grassy is a 25-pound largemouth crappie, W. H. Martin, Waterloo, subdued a two-pounder in a total haul of 28. Bud Kerley, Collinsville, hooked 10 one-pounders. A St. Louis fisherman caught 81 at dressing-out size.

Bass Are Hitting

Bass fishing remains good, with two 6-7-pounders topping the report. Gene Vest, with his friend and true Alton Special, boated four totaling 13 pounds.

Devil's Kitchen was angling enjoyed a brisk weekend, with bluegill up to 13 ounces being taken on roaches and worms.

The Rapala plug has been drawing good bass strikes. The lake is in excellent condition.

The Braves unleashed a heavy-hitting barrage against Roxana. Gary Simpson was the leader with a two-run homer in the sixth and two singles.

Joe Leine also had three hits, with Bob James and Tom Carls getting two each and Charles Fossick, Dohdack and Russell Bortel slapping a one-run homer.

Phillip Skinner pitched the first five innings, with Jim Dorough finishing up.

New GI Insurance Available May 1st

Instruction pamphlets and application blanks for the new National Service Life Insurance are being sent to more than 4,000 veterans, the Veterans Administration announced today.

The new insurance goes on sale May 1, 1965. It cannot be applied for until May 2, 1966.

The mailings are being made to all those veterans receiving service-connected compensation payments. All of these veterans, except a small percentage who already have \$10,000 GI insurance coverage are eligible for the new insurance.

Another mailing goes to those veterans whose insurance records show that the face value of their policies is \$9000 or less. Any of these veterans who have a service-connected disability are eligible for the new insurance in amounts to increase their total GI insurance to \$10,000.

A third mailing is being made to the many veterans who have asked for information since the law was passed last October.

Any veterans in the above groups who do not receive an application and instruction pamphlet in the mail should write, telephone or visit the nearest VA office.

County Veteran Aid Service Being Resumed

Many wartime Veterans and families, widows and dependent children again may get aid from Madison county, with the cooperation of the county board of supervisors and the veterans organizations.

The Veterans Assistance Commission, with the sole purpose to help free of charge any war veteran and dependents, is to resume its services here this week, and Quad-City war veterans and their families may again receive assistance each Wednesday from Robert Beliveau, a full-time, trained service officer, who will be on duty from 9 to 11 a. m. at the local YMCA and from noon until 2 p. m. in the Venice city hall.

The Veterans Assistance Commission is headquartered in the basement of the county courthouse, in Edwardsville. Weekly office hours are 9 a. m. to noon and 1 to 4 p. m. Telephone inquiries should be made to Edwardsville 636-7165.

Beliveau and Miss Julia Esspamer, an experienced veterans aid worker, can provide veterans with such assistance as grocery orders and help with medicine and rent, among other benefits. During the current year the commission has helped to return over \$70,000 in pensions to Madison county war veterans and their families, Beliveau reports.

Year's Freight at Locks Above Same 1964 Period

Freight tonnage moving through the locks at the Chain of Rocks canal during April totaled 2,737,481 tons, increasing the total for the year to 9,116,001 tons. The total for the first four months of the year is 1,350,010 tons more than the 8,980,990 tons of freight moved through the canal during the same period last year.

Freight movements included 1,066,741 tons up river and 1,432,740 tons down river. Traffic reports of the U. S. Army Engineers showed lock passages included 713 commercial towboats, one commercial passenger boat, 2750 commercial barges and four private recreational boats. Other freight included five U. S. towboats, 113 U. S. barges, two small craft, two construction boats and 15 government patrol boats.

While the April freight movement was an increase of 614,571 tons over the March total of 2,143,830 tons, it was a decrease of 424,759 tons below the tonnage of April 1964, when 3,068,240 tons of freight moved through the canal.

Although the tonnage for the first four months of the year was higher than the same period of a year ago, the total tonnage for the first four months of the year is 13,406, or 1272 less than for the four months period a year ago, and the 2331 barges so far this

year is 374 less than a year ago. Freight movements during April included petroleum products, 369,950 tons up river, 209,300 tons down river; grain, 1700 tons up, 1,046,600 down; coal, 130,000 tons up, none down; cement, sand and gravel, none up, 460 tons down; sulphur, 35,500 tons up, none down; miscellaneous commodities, 339,200 tons up, 73,780 tons down; iron and steel products, 42,000 tons up and 124,950 down; chemicals, 166,388 tons up and 22,500 down.

Deadline May 31st For Corn Support

The Agricultural Stabilization and Conservation Service county office has reminded farmers that the deadline is drawing close for filing applications for price support on 1964 Corn. An approved application entitles a producer to loans or purchases of the commodity by the Commodity Credit Corporation (CCC).

Chairman Walter Bardeineier of the Madison ASC county committee said that corn applications may be made until May 31.

"The ASC official said some loans, and have paid the \$3 application fee."

Price support loan rate for corn is \$1.12 and the final date for obtaining a corn loan is June 30, and maturity date for such loan is July 31.

Rabies Inoculation Clinics Scheduled

Rabies inoculation clinics are scheduled to be held this week and next in Venice, Madison and Nameoki under arrangements made by township and city officials to vaccinate as many dogs as possible against the disease.

On Saturday a clinic will be held in the Venice city garage from 2:30 p. m. until 4 p. m., with another clinic scheduled during the same hours on the following Saturday, May 22, at the Madison city garage. The clinic will be conducted by Dr. L. H. Holt.

The first of a series of clinics will be held Saturday in Nameoki township at the Long Lake Fire department at Pontoon Beach from 10 a. m. until noon, on the same day at the Jones Lumber yard, 1633 Miner-va avenue, from 1 p. m. to 5 p. m. Dr. D. L. Frazier will conduct the clinics. The fee in all cases will be \$2.50.

Parking Meter Income Cut Below 1964 Fees, Fines

Income from parking meter operations in Granite City this year have declined in both fees and fines for each of the first four months of 1965, statistics showed today after the office of City Comptroller John Dooley reported total April collections of \$2879.

The comptroller's office said

Motorist Arrested Twice in 15 Minutes

William Bingham, 22, Overland, Mo., is free on bond on charges of drunkenness and resisting arrest placed against him by Venice police Thursday, 15 minutes after he had been arrested and fined on traffic charges in Madison.

Bingham was arrested at Sixth street and Madison avenue in Madison a few minutes after the damaged two parked autos at Twelfth street and Madison and fled the scene. He pleaded guilty at Madison police headquarters to charges of leaving the scene of an accident and reckless driving.

After he was released, police said, Bingham went to Hlava's Garage in Venice where his damaged car had been taken and became involved in an argument with a mechanic. Venice police were called. Officers said Bingham became abusive. He was booked for drunkenness and resisting arrest, and later released on bond.

Old Quonset Hut Lots To Be Sold May 24th

Twelve 50-foot lots along Poplar street are being offered for sale by the city, and bids will be received at the office of Comptroller John Dooley until 4:30 p. m. May 24.

The lots are on the city-owned block that was acquired shortly after world war II for a veterans' hut housing project for quonsets. The huts were removed several years ago, and the only structure in the block is the police department firing range.

Sale of the lots was proposed last year when the city was informed a number of West Grand and Lincoln Place residents would have to move their homes for the right-of-way for Federal Aid Route 151, which will skirt West Grand and will go along Cedar street and the Army Depot fence.

Council members decided to make the lots available to these residents, but under law the lots will be sold to the highest responsible bidders.

Deputies Patrolling for Miracle Manor Prowlers

Patrols are in progress in the Miracle Manor area as a result of recent prowling and vandalism reports. It was disclosed Saturday at the sheriff's office.

Latest complaints listed attempts to open windows and doors Thursday night and prowling along Walter avenue Friday evening.

Sharp Drop in Accidents During April--106 in GC

A sharp drop in the number of traffic accidents in Granite City was noted for April. Police records show 106 crashes last month compared to 138 in March, 128 in February and 160 in January.

However, the total for the first four months of the year is an increase of 36.

The injury rate for the four-month period also showed an increase—170 for 1965, compared to 150 in 1964; and the fatality rate was the same—two in 1965

and two this year. The April injuries numbered 33, a considerable drop from the 52 reported in March.

A breakdown of Granite City traffic accident statistics by month, listing the number of crashes, injuries and deaths, in that order, follows:

January — 160, 42 and one; February — 128, 43 and one; March — 138, 52 and 0, and April — 106, 33 and 0.

Picketing Shortlived At Construction Site

A misunderstanding in job assignments by several contractors on the hot strip mill construction site at Granite City Steel Co. resulted Friday morning in an informational picket line being established by the Operating Engineers Union along Madison avenue.

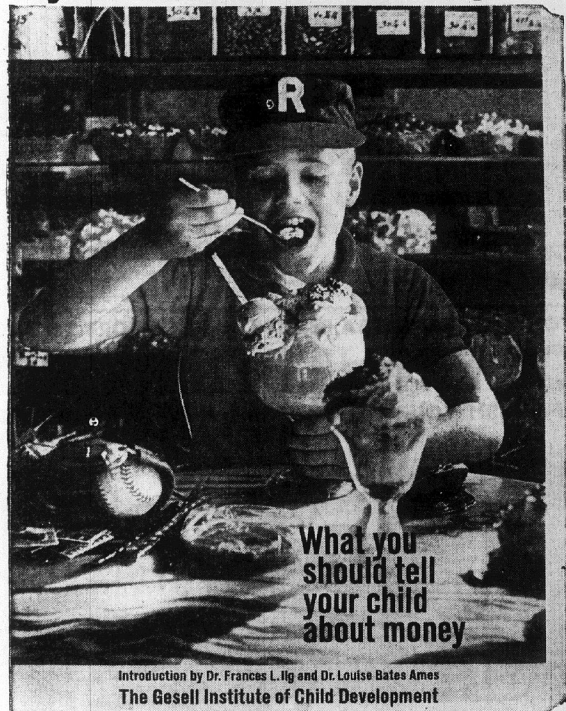

While work was disrupted for several hours, other crafts continued on their jobs. The picket signs did not ask other unions to halt work.

The misunderstanding was cleared up Friday afternoon during a meeting of the groups involved.

Since 1947, Polson was appointed to his present position two years ago. His specific duties involve the real estate and savings departments.

He resides with his wife, Ruth, and daughter, Nancy Jo, at 3140 Carlson avenue.

Cerebral Palsy Campaign

Set May 24-28 in County

Mrs. Janette Garrison, 2414 Grand avenue, has been appointed as Madison County chairman of the 1965 cerebral palsy drive to be conducted May 24 to 28.

The county goal in this year's "53-Minute March" is \$6000 to finance a program of services for handicapped children and adults. She said a cerebral palsied child is born every 33 minutes.

Mrs. Garrison said volunteers are being recruited now for a house-to-house appeal. She said there are about 1000 victims of cerebral palsy in the county and that funds are needed to provide treatment and training for them as well as to press the nationwide research effort seeking the causes and possible prevention of the crippling condition.

Theme of the campaign is "Happiness is Helping." Additional services of a therapeutic center are planned for the coming year, depending upon the success of the campaign. Mrs. Garrison said. Recreation classes, clubs, occupational therapy, ceramics, art, bowling and swimming are some of the outlets a clinic could provide for many crippled children, she said.

She added that 75% of the money raised will remain in the county and 25% will be used for research programs. Cerebral palsy is caused by damage to the motor centers of the brain, usually before or at birth, and affects the body's muscular control. The disorder may be accompanied by such related problems as defective vision, deafness and mental retardation.

Other leaders of the campaign, appointed by Mrs. Helen Glame of East Alton, president of United Cerebral Palsy of Madison County, are Mrs. Doris Neimeyer of Wood River, co-chairman, and Mrs. Emily Watkins of Granite City, publicity chairman.

To assure the success of the campaign, Mrs. Garrison called for a record number of volunteers. Those wishing to enlist may phone her at TR 7-7308.

A graduate of Granite City high school, Major Smith received his Bachelor of Science degree from St. Louis University and later earned his master's degree at the Air Force Institute of Technology, Wright-Patterson AFB, Ohio. He was commissioned in 1950 by direct appointment. His wife, Dorothy, is the daughter of Mrs. Edith Wills of Chicago.

County Baptists to Hold Rally Here May 17th

Dr. Belew attended the University of Kentucky and after graduating from Georgetown College with an A. B. degree taught high school chemistry. He later received a B.D. degree from Southern Baptist Theological Seminary.

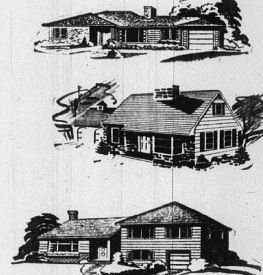

He incorporated music, painting and chalk-talk artistry into his mission work. The public is invited to attend.
